situation: A new interior fit-out for an eminent Australian law firm. **solution:** Carr's design solution called for a large format tile to create a dramatic ceiling effect for the firm's new ceilings. Atkar's extensive testing, documentation and prototyping efficiently delivered on Carr's brief. The considerable ceiling span is readily maintained with removable tiles fitted into a custom grid resulting in a stunning, rear illuminated solution. Atkar collaborated closely with FDC to meet a challenging installation time line — delivering beyond expectations with a dramatic result.

- 1_ Multi-tasking tile solution
- 2_ Boardroom with prestigious ambience
- 3_ Sophisticated ceiling design
